

Marketing plan

New direction

Problem Statement

In Egypt, one of the essential requirements today for youth is to have excellent English conversational skills.

But this may be a struggle due to; high prices, non-availability of a good academy in your city, the academic structure of the course, and mostly not focusing on conversation and pronunciation.

Solution Statement

We provide a conversation-based course to develop your presentation and fluency skills. Also, we work to increase your confidence to present professionally. All that with easy access from home and at a very affordable price.

Our mission and vision

vision : Bring inspiration and fun to the live of the many English learner

Mission : At new direction we educate aspiring English learners with a completely new teaching methods and highly qualified trainers offering English courses and English clubs to enhance your English in an aura filled with engagement oriented to speak fluently

Positioning statements

For the hard workers and passionate to learn, New direction is the academy that best delivers on developing your English conversational skills and communication skills, because New direction and only New Direction: is combining roleplays, games, even acting in plays and sketches to English learning.
